Education

Mas-	Lappeenranta-Lahti University of Technology (LUT) , Data-Centric Engineering	Lappeenranta, Finland
ter of	Thesis: 3D Reconstruction of Wild Animals for Re-identification	Aug 2024 – July 2025
Sci-	Advanced data analysis and machine learning	
ence	- Pattern recognition and machine learning - Digital imaging and image processing - Machine vision and digital image analysis 3D computer vision	
Mas-	African Institute for Mathematical Sciences (AIMS) , Mathematical Sciences	Kigali, Rwanda
ter of	Thesis: Super-Resolution Methods for Satellite Images Applications	Aug 2023 – June 2024
Sci-	Data-driven optimization	
ence	- Big data analytics with python - Statistical machine learning - Interpretable machine learning - Financial mathematics - Stochastic processes - Statistical regression	
Bach-	University of Ghana , Mathematics with Computer Science	Accra-Legon, Ghana
elor	Thesis: Traffic Flow Analysis with Python	Aug 2018 – Nov 2022
of Sci-	Calculus I & II, Linear Algebra, Differential Equations	
ence	- Probability and Statistics, Numerical Analysis - Mathematical Modelling, Abstract Algebra - Analysis I & II, Complex Analysis, Topology	

Experience

Annologic LLC , ML Engineer	Accra, Ghana
- Applied AI models to data cleaning tasks within ETL pipelines on AWS. - Built a web scraping application using Selenium and FastAPI for a housing website.	July 2025 – present 1 year
MEDIREVS , Co-Founder	Accra, Ghana
- Developed a healthcare management system using Django for the backend architecture. - Integrated AI-driven features such as predictive analytics and automated diagnostics.	Aug 2024 – present 1 year 11 months

Awards and Professional Affiliations

Scholarship of Merit	Lappeenranta-Lahti University of Technology (LUT), Finland
Merit-based scholarship, Finland, 2024-2025.	Jan 2024
Scholarship of Merit	African Institute for Mathematical Sciences (AIMS), Rwanda
Merit-based scholarship, Rwanda, 2023-2024.	Jan 2023

Skills

Programming Languages

Machine Learning & Deep Learning

Web Development

Data Analysis & Visualization

Version Control & Collaboration

Big Data Technologies

Certificates

ICDL Professional Data Analytics

Business Management

HTML, CSS and JavaScript

Leadership

Vice President: The Mathematics Society, University of Ghana (2022)

Co-Head, Solution Space Committee (Academic Board Head): The Mathematics Society, University of Ghana (2020–2021)

Boys' Head Prefect: Pastor Aponfi Memorial Ones (PAMO) Junior High

Academic Interests

Machine Learning & Computer Vision: Applied ML for health, mathematics for ML, computer vision for signal and image processing

Mathematics: Modeling, Bayesian and uncertainty quantification
